Learning Korean language has always been my dream but I did not know how nor where to start. I thought it would be impossible for me to grasp the language but Duksung Women's University helped me achieve my dream. When learning a language, it requires lots of practice, focus and attention which GEI provides. Through the help of caring and hardworking teachers and staff, I was able to achieve TOPIK level 5 in just a span of months. It may sound impossible but with strong determination, dreams do come true.
